Strahorn Began Career as Journeyman Printer

The following regarding the man who is in Klamath Falls in connection with the construction of a great railway system in Central Oregon, was discovered in a 1911 copy of the Pacide Printer by W. M. Bowdein, and will be of interest to all:

Prom journeyman printer in a pioneer mining camp to the presiency of an important railroad is a long step; in fact, it is a sort of a league-boot stride, yet it all ame to pass in about wthird of a century, and the man who thus worked is way to the top is in the prime of ife, with everything in his favor to each greater distinction in the trans-ortation and constructing world.

Robert M. Strahorn of Spokane erident and general manager of lire division of the Oregon, agter Railroad and Navigation operating the northwestern the Harriman system, who

in acquiring rights-of-way through Spokane and other cities in the state of Washington, Mr. Strahorn was dee-
